COMIC CON 2016 HAS COME AND GONE...

By the time you're reading this, the San Diego Comic Con will be over and done with, hopefully without any serious issues or occurrences (I'm hoping). It's a trip I take every year, and one that I have shared with my longtime friend, Chris Cade. For well over a decade we've made the Comic Con trip together, travelling from Sacramento to San Diego, stopping along the way in LA to visit Chris' sister, take in a comedy show or talk show taping, and visit local LA shops like Meltdown and Jungle Anime (a great selection of *Godzilla* and *Ultraman* toys!).

In San Diego, we've always had a great time roaming the convention floor, drinking beers at local bars, and checking out the cool panels in Hall H when we can get in. We got into Hall H last year on the right day, and wound up getting the full *Star Wars* experience, including an *Episode 7* panel with the cast, and a side trip for the entire audience to an outdoor *Star Wars* concert with the

San Diego Symphony. We couldn't believe our luck to be a part of the event, and couldn't stop telling people about the experience the rest of the weekend!

This year, it's all going to be different. As some of you may remember, Chris suffered a stroke in October of last year, and has been under constant care following his ordeal. He has been making some progress in his therapy, but he still has a tough road to travel before he can once again be on his own without the help of caregivers. So because he's still got a ways to go to recovery, he can't take off on long trips yet... and San Diego is a long, tough trip to be sure. Chris really wanted to make it

to Comic Con this year, and in his heart and mind, he was ready; ready to go again this year and get back to life as it was before.

And I know that he will make that return to Comic Con someday... hopefully next year. Comic Con 2016 isn't going to be the same without him there, and I can't help but feel a little guilty that I'm going without him. But I think he understands and knows that as soon as he's ready, I'll be there to help him enjoy Comic Con again like old times.

Your Pal @ **PREVIEWS**,

Marty

GABRANTH

STL017737

Release: NOV 2016

SRP \$149.99

Gabranth is a Judge Magister, one of the highest ranking members of the Archadian Empire's military, acknowledged by his compatriots as someone whose extraordinary abilities have been well vetted.

With this in mind, our designers have put great thought into recreating his powerful presence and majestic stance. They have taken pains to recreate the characteristics of his armor, emphasizing its realistic finish. The ornate details etched into it exude an inexplicable power, accentuating Gabranth's eminence. Through the impressive sculpt work, one can almost feel its weight. The paintwork on the armor involves careful application of a stain which recreates the look of forged steel, and is finished with a satin sheen emphasizing its polish.

The click-ball jointing on the pauldrons, as well as the flexible materials used in the cape and body, are the result of great considerations made for poseability. Additionally, various interchangeable parts have been included to allow for a wide range of freedom in how the figure is displayed. This PLAY ARTS -KAI- is a masterpiece, exhibiting the level of quality our designers constantly strive to achieve.

Figure includes display stand and interchangeable hand parts.

EDGE ESSENTIALS

Pick up these books to learn more about Keith Foster's Indie Edge style!

- Kodoja Volume 1: Terror Mountain Showdown TP (APR161998)
- Kodoja Vol. 2 #1 (See Page 468 to Order!)

Please tell us a bit about yourself!

Gladly! I write a comic called *Kodoja* (STL018656) as part of a creative team with two incredibly talented guys: Rory Smith (interior art) and Lance Pilgrim (graphic design and covers). I'm also in a band — *Big Pimp Jones* — we've released funk 45s and LPs on various record labels for the past ten years. I've been into comics for more than 30 years — the comics that got me hooked were *Secret Wars* #4 and *Amazing Spider-Man* #252, and it's blossomed from there. I love stuff from the early-to-mid-'70s — Kung fu, Giant Monster movies, and *definitely* the music! I'm

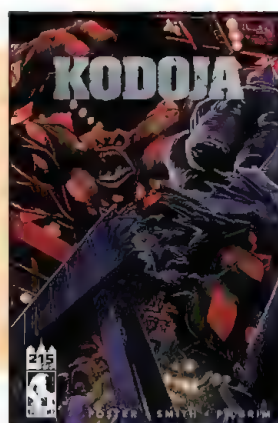

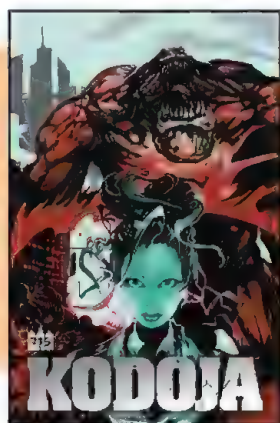

a collector as well — *Godzilla* stuff, comics (of course) and records/vinyl.

What are your favorite hprojects you've contributed to over the past decade?

On the Comics side, it's pretty much *Kodoja* and only *Kodoja*. We're still relatively new to this — started out self-publishing it in 2012 and working conventions to spread the word — after a few years we connected with the guys at 215 Ink to get the word out even more! We're really proud of the book so far and are just getting started regarding the overall narrative. Another favorite project is the music to *Kodoja* — *Kodoja* has a soundtrack for you to enjoy as you read or on your own time (it's a fusion of *Godzilla* movie-style music and funk)!

What are you currently working on?

We're continuing work on *Kodoja* — I imagine this is pretty normal, but I'm writing ahead on the story (currently writing the "Volume 3" story arc) while Lance and Rory finalize the art, layouts and covers on *Volume 2*. The first story arc — *Kodoja Volume 1* — is available right now, with *Volume 2* getting underway soon. As I write this I'm also working on the music to the next story arc (Volume 2) and preparing a panel to present at a convention on Economics and how they tie to *Godzilla* films. The *Kodoja* creative team is also working on a second book (not involving Giant Monsters) that we hope to share with people soon!

What fun titles are you reading?

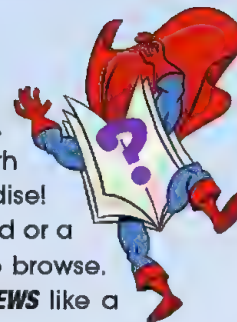

Infinite Kung Fu (MAY11197 / Top Shelf / IDW)—I don't know if this book is still considered indie due to acquisitions, but I've loved this book since the self-published run of Kagan McLeod's. It is a fantastic, crazily-violent throwback to vintage '70s Kung Fu and Shaw Brothers flicks, with delightfully insane plot twists and Kung Fu for DAYS!

Ultraman Manga (JUN151638 / Viz Media). Yes, *that* Ultraman! This book takes the original *Ultraman* franchise and jumps it into the present, aging the characters and everything. It's a great update on a childhood favorite for many people and plays out like an *Ultraman* / *Iron Man* fusion with Shin Hayata's son taking center stage. In my family, people fight over who gets to read it second... after me, of course!

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

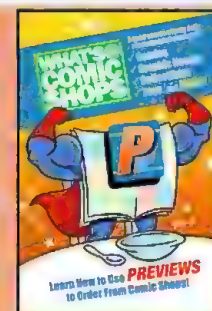

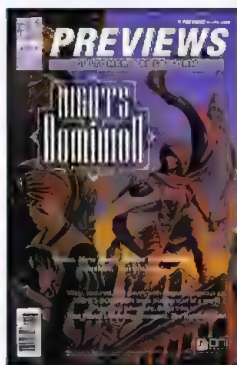

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

How to Use PREVIEWS
Video!**

Geppi's Entertainment Museum at Awesome Con

Geppi's Entertainment Museum took a piece of the pop culture museum to Awesome Con with a wonderful exhibit of collectibles. Convention attendees were mesmerized seeing the original *Plane Crazy* storyboards and first appearance comics like *Amazing Fantasy* #15.

"The collection we displayed was to be a faster tour, if you will, of Steve (Geppi)'s entire collection. We were thanked by everyone for bringing the exhibit to DC and many guests

returned to tour multiple times, in most cases bringing back friends to see it – just as happens with our actual museum location," GEM President Melissa Bowersox said.

Prince's Guitar Nets Over \$137K at Heritage

Heritage Auctions sold Prince's personally owned and played Yellow Cloud electric guitar sold for \$137,500. The unique piece was a legendary instrument for Prince and was sold as part of Heritage's Entertainment & Music Memorabilia Auction.

The solid body guitar was made for Prince in a unique shape and style. He used it during many concerts in the late 1980s to mid-1990s. Sadly, Prince died recently on April 21, 2016 at his Paisley Park home in Minnesota.

"I hope the new owner appreciates it as much as I did," said Richard Lecce, the former owner of the guitar.

Sonic the Hedgehog at 25

Sonic the Hedgehog sped onto the scene 25 years ago, breathing fresh life into video games. The original *Sonic* debuted on Sega Genesis on June 23, 1991 and helped to establish Sega as a contender in the console market.

The game was developed to create a mascot for Sega. Sega technically

already had a mascot, Alex Kidd; however, he was considered too similar to Nintendo's Mario. It created a rivalry between Sega and Nintendo and helped sell the Genesis. *Sonic* has spawned a number of sequels, becoming one of the bestselling video game series of all time, with over 150 million copies.

CATALOG!

August 2016 | Edited By: Allyn Gibson | editor@PREVIEWSworld.com

A NEW GENERATION OF HEROES ARISE IN MARVEL COMICS' CHAMPIONS

Just as this year's presidential election revealed generational fault lines in America's polity, so too did Marvel's second Civil War open fissures between the old guard and the new millennial generation of heroes. This autumn, a group of young heroes leave the Avengers behind and strike out on their own in Mark Waid and Humberto Ramos' new Marvel Comics series, *Champions*!

To the young heroes, the established heroes like Iron Man, Captain Marvel, Spider-Man, and Captain America were many things — idols, mentors, role models, parental figures. *Civil War II* changed that. The adults in the room didn't have their best interests at heart, they didn't take their concerns into consideration, they didn't see the bigger picture. Forced to take sides when the adults squabbled, forced to *choose*, the young heroes did what any teenager would do when their loyalties were torn as their super-heroic parents and mentors essentially divorced — they looked out for themselves and played by their own rules. Ms. Marvel, Nova, and Spider-Man, formerly All-New All-Different Avengers, form their own team, the Champions, and, recruiting the teenaged Cyclops, Viv Vision, and the Totally Awesome Hulk to join them. Driven by the idealism of youth, the all-new Champions are determined to make the world a better place!

Long-time collaborators Mark Waid and Humberto Ramos reteam on *Champions*. No strangers to youthful heroes and their adventures, Waid and Ramos bring action, drama, hijinks, and excitement to this key *Marvel Now!* title. Waid and Ramos' *Champions* will be the heroes for a new generation and a new era of Marvel Comics. Look for the over-sized first issue this October!

COMBAT AWAITS AFTER DEATH IN IMAGE COMICS' REBORN

What happens to the soul after death? Theologians and philosophers have attempted to answer the question since human history was first recorded seven thousand years ago, and despite myriad theories and philosophies, no one is any closer today to answering the question than they were in prehistoric times. The truth is, no one knows what lies beyond life.

This October in their new series, *Reborn*, Mark Millar (*Kick-Ass*) and Greg Capullo

(*Batman*) team up for a unique take on what awaits us all after death. Instead of a peaceful heaven, a tolerable purgatory, or a hell of torments, Millar and Capullo posit an afterlife of combat, where only the strongest souls survive. Part sword-and-sorcery, part post-apocalyptic tale of survival, *Reborn* will take readers on a journey into the afterlife, a place where every decision in life had prepared you — or not — for the final conflict.

Mark Millar and Greg Capullo team up for a unique take on what awaits us all after death.

Cave Carson has done it all: survived countless adventures below the Earth's surface, met the love of his life, and gotten a cybernetic eye... somehow. Newly widowed, Cave tries to piece his life back together when a knock on the door of his secret underground lab pulls him back into a past that he and Eileen thought they had left buried deep within the Earth.

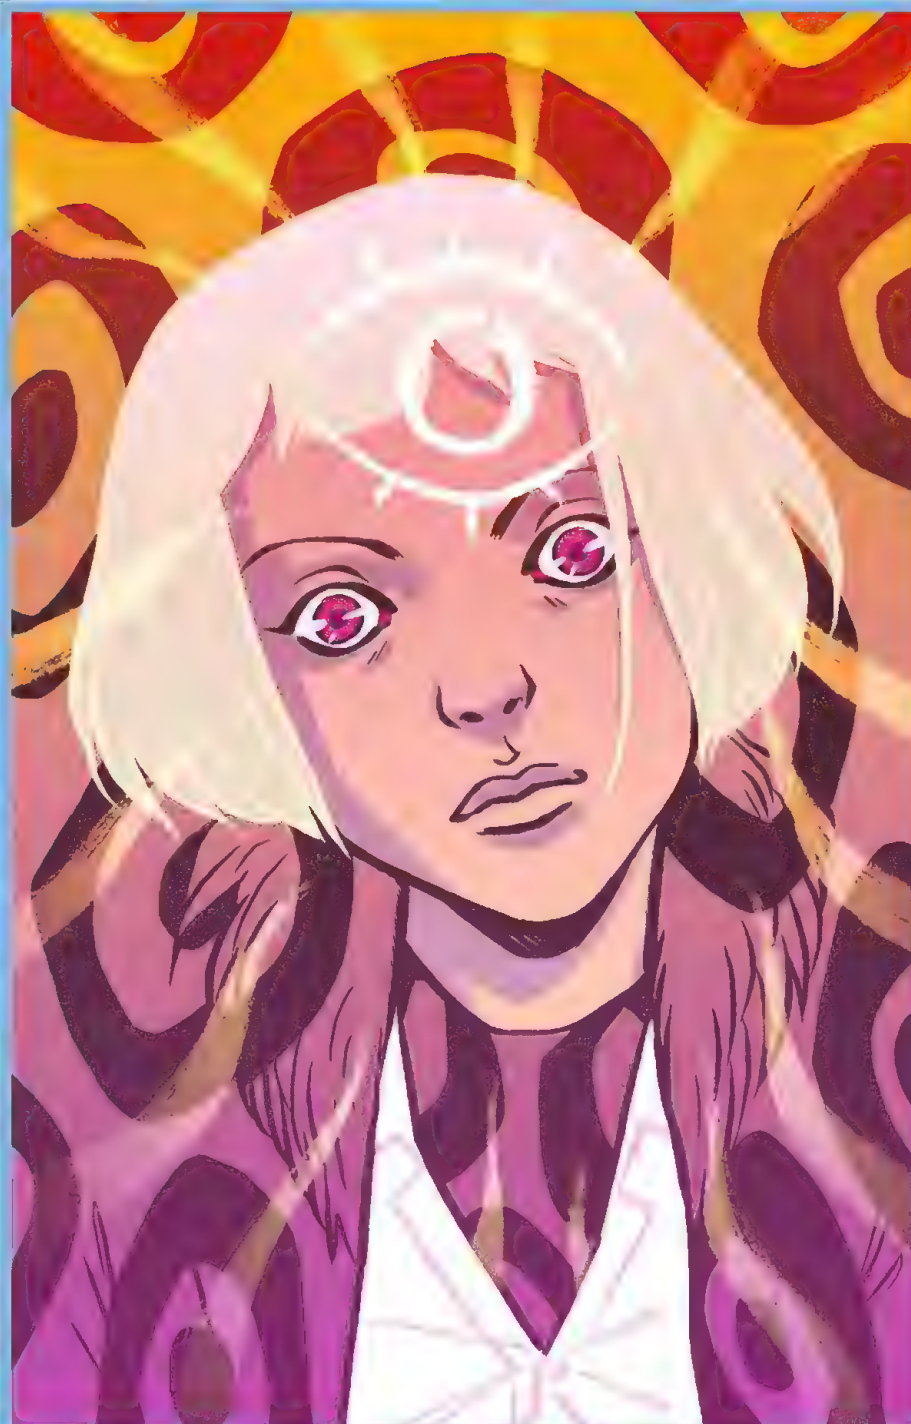

Adding to his troubles, Cave must determine if his recent hallucinations and visions are the work of his mind or his mysterious cybernetic eye. (Spoiler: It's the eye.)

Donny was feeling pretty settled in his cushy life. Even though his girlfriend was politically active, he never gave social justice or racial issues any time. So, when Dorrie discovers something she shouldn't have and ends up dead, no one expects Donny to be the guy to carry on her work—but that's exactly what he does, putting on a mask and taking to the streets. He soon finds himself tangled in family history, political conspiracy, and a plot that goes far deeper than he ever imagined.

Set in the heart of Los Angeles, this new VIGILANTE series raises an old question while making it relevant to our times: when you witness bad things being done, how far would you go to set them right? Written by Gary Phillips, noted writer of the Ivan Monk series of novels, and drawn by Elena Casagrande (*Suicide Risk*), this hard-hitting tale of revenge and redemption takes the Vigilante into a whole new danger zone.

Retailers: This issue will ship with two covers. Please see the order form for details.

The stakes are raised in this nostalgic and unstoppable sequel to the '80s cult classic vampire film, *The Lost Boys*. Veteran horror writers Tim Seeley (GRAYSON, NIGHTWING, *Hack/Slash*), and Scott Godlewski (THE DARK & BLOODY, *Copperhead*) deliver a gruesome and stylish return to the bloody boardwalks and big hair of 1987!

Santa Carla, California is on edge. The eccentric coastal town and haven for the undead was finally returning to "normal" after its last supernatural scuffle left the local coven's head vampire dead and gave newcomers Michael and Sam Emerson a housewarming both violent and bizarre. Now the brothers must once again team up with militant vampire hunters Edgar and Allan Frog when a new gang of ruthless, stunning, life-sucking nightcrawlers known as the Blood Belles emerges from the aftermath to collect Michael's love interest and their lost sister, Star.

SUICIDE SQUAD MOVIE THE JOKER AND HARLEY QUINN STATUE

Sculpted by JAMES MARSANO and ERICK SOSA

It feels good to be bad...Assemble a team of the world's most dangerous, incarcerated Super Villains, provide them with the most powerful arsenal at the government's disposal, and send them off on a mission to defeat an enigmatic, insuperable entity. U.S. intelligence officer Amanda Waller has determined only a secretly convened group of disparate, despicable individuals with next to nothing to lose will do. However, once they realize they weren't picked to succeed but chosen for their patent culpability when they inevitably fail, will the Suicide Squad resolve to die trying, or decide it's every man for himself?

This highly detailed, two-figure statue captures the look of The Joker and Harley Quinn as they appear in the August 2016 Warner Bros. movie *Suicide Squad*!

The infamous *Fangoria* Magazine terrifyingly screams, "While comprehensive collections of significant series such as *Tales from the Crypt* and *Creepy/Eerie* are certainly essential, this collection is snatching up old, forgotten gems and reprinting them for our sticky, little hands. We get to experience writers and artists across the board working on these spooky tales, catching quick looks at bygone creators who might have completely disappeared if it wasn't for this. *Haunted Horror* nails the feel of these old pulp comics, from the grim covers to the restored interiors and with the thickly written dialogue, guaranteeing the reader a good thirty minutes of shivering terror. Grimy, ghoulish, and sinfully devilish, *Haunted Horror* is effectively bringing old horror to a new generation."

CANNIBAL #1

BY BRIAN BUCELLATO, JENNIFER YOUNG & MATIAS BERGARA

MOONSHINE #1

Set during Prohibition, and deep in the backwoods of Appalachia, **MOONSHINE #1** tells the story of Lou Pirlo, a city-slick "torpedo" sent from New York City to negotiate a deal with the best moonshiner in West Virginia, one Hiram Holt. What Lou doesn't figure on is that Holt is just as cunning and ruthless as any NYC crime boss. Because not only will Holt do anything to protect his illicit booze operation, he'll stop at nothing to protect a much darker family secret...a bloody, supernatural secret that must never see the light of day... or better still, the light of the full moon.

MOONSHINE #1 marks the first time **AZZARELLO** and **RISSO** have worked together for Image Comics and reunites the Eisner Award winning creative team that defined modern crime comics with **100 Bullets**... and now puts a horror-twist on a classic gangster tale. Issue #1 features a variant cover by legendary comics creator, **FRANK MILLER**!

ART SPIEGELMAN

SI LEWEN'S PARADE: AN ARTIST'S ODYSSEY GN

(W) Si Lewen, Art Spiegelman

(A/CA) Si Lewen

A hauntingly original wordless illustrated novel by forgotten master Si Lewen, with an introduction by Pulitzer Prize-winning author Art Spiegelman. *Si Lewen's Parade* is a timeless story, first published in 1957, told in a language that knows no country, a wordless epic that, despite its muteness, is more powerful than the written or the spoken word. Reproduced in a unique two-sided accordion-fold format with an extensive overview of the artist's career on the verso, *The Parade* is a celebration of art and the story of recurring war as Si Lewen experienced it over the past 90 years, watching the joyful parades that marked the end of World War I lead into the death marches of World War II and the Korean War. As *The Parade* unfolds, the reader is taken on an

unforgettable journey of sequential images. Available in a standard edition, *The Parade* is also available in a Limited Edition of 150 copies with an original art print by Art Spiegelman, signed by Lewen and Spiegelman. (STL017251) (C: 0-1-0)

STAFF PICK

THE PHANTOM: THE ART OF THE GHOST WHO WALKS

Recommended by Steven Leat

The Phantom was probably the first comic-turned hero I read as well as read to by my dad. The comic strips had a unique fascination and the daily exploits made sure I learned

to read for myself. There was a consistency to the art, and by Barry and Bill Lignante were The Phantom artists to me. It probably wasn't long after I showed my grandfather I could read that I was allowed to go to his newsstand and pick out a comic book. While there wasn't a Phantom comic to be found, I settled for Batman when, to this day, when there's a fight, it's my favorite superhero.

Reading comics and going to comic cons, lead me to fanzines that expanded my interest in Batman and The Phantom. I found old comics and got to know artists like Ray Moore and Wilson McCoy drawing The Phantom. Now years later, artists like Graham Nolan and Don Newton showed they could handle both those characters equally as well.

Now a spry 80 years old, The Phantom holds his age quite well, thanks to the writers and, most importantly to me, the artists behind The Ghost Who Walks and who never seems to age.

In *The Phantom: The Art of the Ghost Who Walks* Hermes Press has produced a book that represents all the major artists who have worked on The Phantom. This book makes available original art seldom seen outside personal collections and represents the rich 80 year history of The Ghost Who Walks. Within the pages we get to see art by Ray Moore and Wilson McCoy as well as the painted Gold Key cover art by George Wilson. Comic book artists are well represented with art by Lignante, Jim Aparo, Pat Boyette, and Don Newton, with Aparo and Newton featured in complete stories shot from the original artwork. We will also see art from the illustrators who worked on The Phantom overseas in Italy, Australia, and Scandinavia as well as those who worked on the character at DC, Marvel, Moonstone, and Dynamite.

Hermes Press has a history of doing The Phantom right and this will be a great addition to their classic strip and comic book reprints. This is a book a true fan of the Phantom must have and is a great present for the 80th anniversary of The Ghost Who Walks.

From GARTH ENNIS, the creator of the hit AMC television show *PREACHER*! Collecting the critically-acclaimed six-issue limited series in a beautiful hardcover presentation.

DREAMING EAGLES tells the story of the first African-American fighter pilots to join the United States Army Air Force in WWII, and whose humble beginnings in Tuskegee, Alabama propelled them into the deadly skies above Adolf Hitler's Third Reich. Not only were they instrumental against the Nazi war machine, but also braved an equally great challenge: overcoming everyday bigotry amongst their fellow American soldiers as well as civilians at home. High in the heavens, they fought a battle that would change their country for all time.

"Packed with history and heart, DREAMING EAGLES is a strong character driven piece from writer and creator Garth Ennis."

When the light of night falls over a sleeping midwestern town, the darkest unimaginable horror creeps violently through the night. That's when the children come out to play. Children with eyes of solid black, devoid of emotion and remorse, and only asking for one thing...to come inside. But there are some who will hang quietly into the night. There are some who will fight back to save not only their own souls, but their children's. This is their story. STARGATE ATLANTIS

Introducing Scottie Watson – Stargate Atlantis: Gateways Artist

I'm a huge **Stargate Atlantis** fan, I'm also a fan of Greg LaRocque, Mark Haynes, and J.C. Vaughn, so when I heard they were working on a new SGA comic I was super excited. Never in my wildest dreams did I ever imagine I'd not only be taking over the reins of a legendary artist but on a series based on one of my all-time favorite TV shows written by two writers whose work I love and respect. When American Mythology approached me about working on the series, part of me was terrified, while part of me was as excited as a kid in a candy store. Greg leaves big shoes to fill because he's amazing and SGA fans are extremely passionate. It was a challenge I was ready to take on because I'm one of those passionate fans and I feel my passion for SGA comes through in each and every panel. Thanks, Greg, I hope to carry the SGA banner with as much love and care as you gave it.

(A/CA) Marcelino Truong

This graphic memoir tells the story of the early years of the Vietnam war as seen through the eyes of a young boy named Marco, the son of a Vietnamese diplomat and his French wife. The boy's father works for the South Vietnam embassy in the United States, then the family is called back to Saigon in 1961, where the father becomes Prime Minister Ngo Dinh Diem's personal interpreter; as the growing conflict between North and South intensifies, so does turmoil within Marco's family, as his mother struggles to grapple with bipolar disorder. Visually powerful and emotionally potent, *Such a Lovely Little War* is both a large-scale and intimate study of the Vietnam war as seen through the eyes of the Vietnamese: a turbulent national history intertwined with an equally

traumatic familial one. (STL018334) (C: 1-1-0) NOTE: Available only within the United States and U.S. Territories.

Captivated by Bubbe's story, Amy turns to her sketchbooks, teaching herself to draw as a way to cope with what she discovers. "Publishing with Purpose" is more than our motto. Every good book needs to balance solid artwork with a clear and interesting story. Most importantly, it has to ship on time. Big City Comics Studio will not solicit a book unless the book is finished and in the can. For example, the first five issues of our new monthly book Tesla and Hyde: Scary Fails, was completed before the ad you are reading was even created.

We understand it is not enough to market our books to local comic book stores by showing off a flashy cover with a small blurb. We preview every book with reviewers and potential readers up to a year before our books are even solicited.

Big City will be offering two books a month starting with our new monthly book, Tesla and Hyde: Scary Fails and our 100 page graphic novel, Gabriel Tempest. We continue our tradition of offering our 100 page, full color, original graphic novels for only \$9.99. This helps lower the risk retailers have to take and makes our books more affordable to our readers. Welcome back to the City!

Vampire seductresses Izzy and Corrie are facing enemies on all sides but that just makes their passion for one another even stronger. In a world where the forces of evil have conquered the planet, these two monsters have their own agenda that is playing out among the creatures that rule the world. The wicked Satyrs are making a play to move up the food chain and eviscerating these vampires gets them one step closer to their ultimate goal. The Ravening is a hardcore underworld of fangs and claws that yearn for spilled blood.

STAR TREK: BOLDLY GO #1

Recommended by Matthew Demory

Star Trek has always been part of my life. My father experienced the original show when he was younger and passed that experience on to me. When he watched the original series I grew up with *Star Trek: The Next Generation*, I still vividly remember sitting on the couch with my dad, getting ready to watch the season 5 premiere "Society of the Mind" in glorious standard definition.

Today *Star Trek: The Next Generation* is considered by many to be an iconic series. When it was first announced there were a lot of concerns about whether that series would ever get off the ground. How could you do a sequel to a popular TV series that had aired its last new episode decades past and with a whole new cast?

I think it was the success of *Next Generation* that really proved to a lot of people that the *Star Trek* brand not only still had legs but it could appeal to generations that were born after the original series was already in reruns. Now with the rebooted movies, we are seeing things come full circle. New eyes are seeing these characters for the first time and now they have a massive library of movies, TV, and comics for the first time.

Star Trek: Boldly Go #1 from writer Mike Johnson (*Star Trek: Green Lantern: The Spectral War*, MWL60395) and artist Tony Shallick (*Batman: Arkham Unhinged*, NCVT40307) will be required reading for new fans of the movies. Picking up right after the events of *Star Trek: Beyond*, the adventure always continues. There are always new worlds to discover, new aliens to meet, and a brighter future for all of us in Gene Roddenberry's Universe.

KISS is back! Back to the FUTURE in this dark sci-fi adventure. In a world without sun and a world without heroes, four young friends embark on a dangerous mission - to uncover the truth about the mysterious Council of Elders and their underground home, the city of Blackwell. But first they need some help from the past...

"What is the power of KISS? I was having breakfast recently with the fabulous writer Kelly Sue DeConnick. When she found out I was writing this series, it was like firecrackers had been set off in the restaurant, she was so excited. So I'm doing this not just for the hardcore fans (like Kelly Sue) but also the new ones, like her children. It's a huge challenge for me. KISS is iconic. Legendary. It's global and cross-generational. So much has been done before with KISS in comics, a LOT of fun and crazy stuff. So for this series, I thought, why not go more serious? For research, I hunkered down and listened to the 1981 album Music from The Elder several times. Like the movie Blade Runner which came out around the same time, people didn't know what to make of it. If this album came out now, I think it would be entirely different reception. So this storyline is more focused on mythology, heroism, and legend, and inspired by themes, lyrics, and song titles from that album." — **Amy Chu**

"Cruise on a trip through my memories of drawing lowriders and tees, of creating Homies for the last thirty-five years. A pictorial narrative of one artist following his dreams..."

Created by David Gonzales, the Homies first appeared as an underground comic strip that debuted in Lowrider Magazine in 1978, a reflection of his friends and lifestyle. At first a group of tightly knit Chicano buddies from East Los Angeles, the Homies expanded their crew to over 300 characters from all different cultures, genres, and even species. In an inner-city world plagued by poverty and oppression, they formed a strong, binding cultural support system that enabled them to overcome negativity and turn to laughter and good times as an antidote for reality.

Homies erupted as a mainstream sensation in 1994 when trend-savvy retailer Hot Topic offered Homies shirts for sale, rapidly becoming popular with the youth market. Following on the heels of a successful T-shirt run, Homies was licensed for figurines in the vending machine toy industry, where all sales records were broken, with over 150 million figurines sold worldwide. The licensing program soon spread to products such as action figures, remote-control and die-cast cars, notebooks, posters, plush, Halloween masks, video games, music, and more, carried by specialty and mass retailers everywhere.

History of the Homies is a triumphant celebration of the turbulent times, remarkable artistry, and youthful street culture of a pop culture phenomenon, including hundreds of pictures and a complete guide to Homies figurines.

THE KUNG FU NOIR COMIC OF KICKSTARTER NOW COMES TO DYNAMITE!

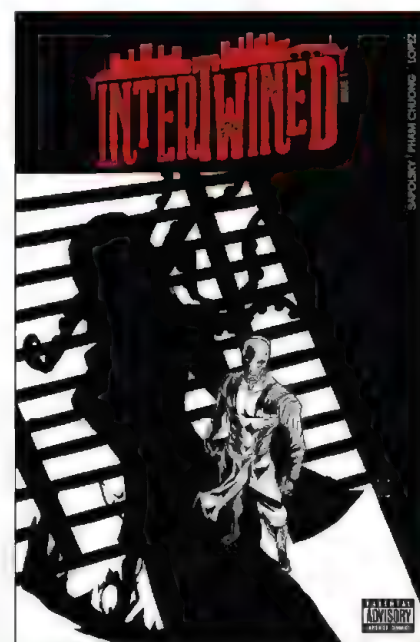

"Intertwined asks the question: if Peter Parker had been a Chinese immigrant what kind of hero would he have become? This comic has the feel of Bruce Lee movies and the 1970s Kung Fu TV show, but with a hard-bitten noir edge. A timely message on co-operation for today's dis-United States."

A murder. A mysterious league of protectors operating in the shadows. A legacy to protect. A city to save from filth, corruption and gangs. A girl who has to pose as a man to protect herself and her heritage. A young Kung Fu student lost in a concrete jungle he never chose to... Welcome to the world of Intertwined. It's 1971 and for Juan Jin, life is about to become hell! He didn't ask to be a hero. He didn't ask to go to Chinatown. He only wanted to follow the way of Wing Chun, the Kung Fu style he masters brilliantly. But destiny had other plans for him!

The first ever Kung Fu Noir series starts here on the heels of its successful campaign on Kickstarter, from Fabrice Sapolsky (Spider-Man Noir, One-Hit Wonder) and hot new French sensation Fred Pham Chuong (who also practices Kung Fu himself)! It's the creator-owned comic book series you can't wait to read, even if you don't know it yet. And it's from the House of Noir itself, Dynamite Comics!

Paul and Maria find themselves uneasy allies on the run in a world where any physical contact results in agonizing death. But the bloody effects of the "Divide" may be the least of their concerns when they stumble into the crosshairs of a deranged serial killer and a group of "baredevils" who thrive on the danger of exposed skin.

Each issue of THE GREAT DIVIDE comes with unique additional content. Issue #2 will include a digital code for downloading pages to a post-apocalyptic adult coloring book, drawn by Markiewicz.

"I love a good concept world. A world where some crazy idea takes root, and that idea is considered and explored in depth, looked at from every angle. In The Great Divide, Fisher and Markiewicz invite us to explore this weird and isolating post-apocalyptic wasteland with them, where even the smallest human contact means a grizzly death sentence. A brilliant idea fully realized, a twisted world expertly illustrated, that's a story I can sink my teeth into!" — **Reilly Brown (Cable & Deadpool, Amazing Spider-Man)**

LORD OF GORE #1

(W) D.B. Stanley (A/CA) Daniel Leister

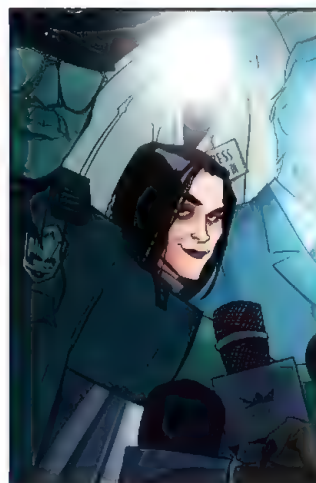

Decades ago scandal propelled the *Lord of Gore* B-movie franchise to mainstream success. In 1989 the film's costumed slasher actor murdered a young actress in ways worse than his on-screen character, creating a media frenzy. Now on the cusp of a modern reboot, a struggling screenwriter learns that the deranged star wasn't the only guilty party that night, but before he can share the information, the film's slasher seems to have stepped from the screen into real life to stop him. A corrupt world where selfish politicians call all the shots is not unlike ours, and sometimes a real hero is just what people need to remind ourselves of the good in all of us. After all, heroes are more than just strong warriors with lasers and giant robots at their call...they are also brave, selfless, and compassionate!

Heroes Are Extinct! parodies the superficial image of the hero so prevalent in anime and our own culture. Forget spaceships, costumes, and swordfights...the most awesome part of the hero is the part we often overlook!

**GEORGIE: THE STORY OF A MAN, HIS DOG, AND A PIN HC**

(W/A/CA) R. O. Blechman

The joyful arrival of a longed-for baby is followed by overwhelming losses but a loyal dog makes happiness possible again. This moving and profound graphic novel by R. O. Blechman treats its solemn subject with humor, simplicity, and warm humanity. Maurice Sendak characterized the tale as "fierce, passionate little pictures that pack a punch only Blechman seems capable of delivering," and Jules Feiffer observed that "Long-time fans are well aware of Blechman's elegant cartoon-poetry, but in *Georgie*, his quiet, measured pace moves the reader onto darker terrain, presented in a sweet and tragic man-and-dog story that calls for a second reading, and perhaps, more." WORLD WITHOUT END: THE COMPLETE COLLECTION HC

(W) Jamie Delano (A/CA) John Higgins

Millions of years in the future, a new world emerges, a world made of living flesh, surrounded by acidic seas. Rotten at the edges, awash in gangrene swamps, and bristling with mountains of bone, the planet's simmering core houses the stark city of Bedlam, where an all-male race suppresses every manifestation of femininity. In this magnificently illustrated dreamscape of brutality and eroticism, a mysterious female presence called Rumour arises to challenge super-commando Brother Bones in a deadly war between the sexes. *World Without End* offers a compelling blend of science-fiction allegory and fantasy adventure. Author Jamie Delano's unique vision of a strange, immersive world is perfectly complemented by John Higgins's stunning illustrations. (STL018585) (C: 0-1-0)

**A WALK IN EDEN GN**

(W/A/CA) Anders Nilsen

A keen observer contained within, Anders Nilsen uses lush, inky lines to craft an enchanting, meditative journey for your coloring tools. *A Walk in Eden* is a fantastical view of primeval creation, with an exquisite mix of sprawling landscapes and close-up examinations of plants, fungi, and minerals. Though this is a world void of humans, here and there are small reminders of our presence. Nilsen's world is intricate, playful, and inspired, waiting for you to make it your own. **KITARO MEETS NURARIHYON GN**

(W/A/CA) Shigeru Mizuki

Kitaro Meets Nurarihyon is the second volume in the adventures of Shigeru Mizuki's bizarre yokai boy Kitaro and his gaggle of otherworldly friends. These seven stories date from the golden age of Gegege no Kitaro, when Mizuki had perfected the balance of folklore, comedy, and horror that made Kitaro one of Japan's most beloved characters. In addition to more than 150 pages of Mizuki's all-ages monster fun, *Kitaro Meets Nurarihyon* includes bonus materials: "Yokai Files" that introduce Japan's folklore monsters and a "History of Kitaro" essay by translator Zack Davisson. **ROLLING BLACKOUTS: DISPATCHES FROM TURKEY, SYRIA, AND IRAQ HC**

(W/A/CA) Sarah Glidden

Cartoonist Sarah Glidden accompanies her two friends — reporters and founders of a journalism non-profit — as they research potential stories on the effects of the Iraq War on the Middle East and, specifically, the war's refugees. Joining the trio is a childhood friend and former Marine whose past service in Iraq adds an unexpected and sometimes unwelcome viewpoint, both to the people they come across and perhaps even themselves. Painted in her trademark soft, muted watercolors and written with a self-effacing humor, *Rolling Blackouts* cements Glidden's place as one of today's most original nonfiction voices. **BEAUTIFUL DARKNESS HC**

(W) Fabien Vehlmann (A/CA) Kerascoet

A dark fairy tale about surviving the human experience, *Beautiful Darkness* is a harrowing look at the human psyche and the darkness that hides behind the routine politeness and meaningless kindness of civilized society. The sweet faces and bright leaves of Kerascoet's joyful watercolors only serve to highlight the evil that dwells beneath, as characters allow their pettiness, greed, and jealousy to take over. It's a bleak allegory on the human condition; Kerascoet's and Fabien Vehlmann's work is a searing condemnation of our vast capacity for evil writ tiny. (STK622626)

**BIG QUESTIONS TP**

(W/A/CA) Anders Nilsen

A haunting postmodern fable, *Big Questions* details the metaphysical quandaries of the occupants of an endless plain, existing somewhere between a dream and a Russian steppe. A downed plane is thought to be a bird and the unexploded bomb that came from it is mistaken for a giant egg by the group of birds whose lives the story follows. Nilsen seamlessly moves from humor to heartbreak. Rather than lending its world meaning, Nilsen's parable lets the questions wander where they will. Available in both softcover and hardcover edition, the new hardcover printing is signed and numbered by the author. (STK443211)

(W/A/CA) Shigeru Mizuki

The Birth of Kitaro collects seven of Shigeru Mizuki's early and beloved Kitaro stories, making them available for the first time in English, in a kid-friendly format and price point. With more than 150 pages of spooky and often funny all-ages comics about the titular yokai boy, *The Birth of Kitaro* is the perfect introduction to Mizuki's most popular series, which has won the hearts of Japanese children and adults for more than half a century! DOGS & WATER: THE DEFINITIVE EDITION HC

(W/A/CA) Anders Nilsen

A young man wandering a nameless path has only a stuffed bear as a companion, which inertly endures his desperation, anger, and musings along the way. The landscape is cold and bleak with few landmarks, and offers only precarious encounters with animals and armed men. He finds acceptance with a pack of dogs, though their nature is wild and their potential threat is as unsettling as the sudden presence of a massive pipeline on the horizon. In a dreamlike state, the endless land becomes a vast body of water where his boat is destroyed and his body floats in a subconscious space. All is uncertain and all can be lost, but he continues on regardless. (STK333826)

POETRY IS USELESS HC

(W/A/CA) Anders Nilsen

In *Poetry is Useless*, Anders Nilsen redefines the sketchbook format, intermingling elegant, densely detailed renderings of mythical animals, short comics drawn in ink, meditations on religion, and abstract shapes and patterns. Stick people debate the dubious merits of economics. Immaculately stippled circles become looser and looser, as craters appear on their surface. A trip to Colombia for a comics festival is recounted in carefully drawn city streets and sketches made in cafes. This expansive sketchbook-as-graphic-novel is exquisitely packaged with appendices and a foreword from Nilsen himself. (STK676392)

RAGE OF POSEIDON HC

(W/A/CA) Anders Nilsen

Imagine you are Poseidon at the dawn of the twenty-first century. The oceans are dying and sailors have long since stopped paying tribute. They just don't need you anymore. What do you do? Perhaps, seeking answers, you go exploring. Maybe you end up in Wisconsin and discover the pleasures of the iced latte. And then everything goes wrong. Using beautifully hewn silhouettes and an accordion-style layout that unfolds to more than forty feet in length, Anders Nilsen updates Greek myth and Christian allegory with insightful and devastating wit. REGGIE 12 HC

(W/A/CA) Brian Ralph

What if Osamu Tezuka's beloved hero Astro Boy was a young robot with endless enthusiasm who lived with a bumbling sad-sack robot friend, a self-centered wise-cracking cat, and a well-meaning but forgetful inventor? Why, then he'd be Reggie-12! Reggie-12 is classic Japanese adventure manga cartooning reworked in Brian Ralph's trademark style and told with the episodic wit and structure of the contemporary American sitcom. Laughs explode from the page (and the reader's belly) as mishap follows caper follows disaster. Come along for a wild ride with Reggie-12, Casper, and Professor Tinkerton as they eat pizza, play video games, and get dissed by bad guys. (STK618462) (C: 0-0-1)

While the 50-year run of the *Peanuts* newspaper strip (1950-2000) is obviously the heart and soul of Charles Schulz's career, he also created a large amount of *Peanuts* material that didn't run in the strip. With close to 1,000 *Peanuts* images included, all created by Schulz himself, no true *Peanuts* library would be complete without this final, celebratory volume of *The Complete Peanuts*.

TETRIS: THE GAMES PEOPLE PLAY GN

(W/A/CA) Box Brown

It is, perhaps, the perfect video game. Simple yet addictive, *Tetris* delivers an irresistible, unending puzzle that has players hooked. Play it long enough and you'll see those brightly colored geometric shapes everywhere. Alexey Pajitnov had big ideas about games. In 1984, he created Tetris in his spare time while developing software for the Soviet government. Once Tetris emerged from behind the Iron Curtain, it was an instant hit. *New York Times*-bestselling author Box Brown untangles this complex history and delves deep into the role games play in art, culture, and commerce. For the first time and in unparalleled detail, *Tetris: The Games People Play* tells the true story of the world's most popular video game. (STL017550) SC, 6x9, 256pgs, FC \$19.99

**ANDRE THE GIANT:
LIFE AND LEGEND GN**

(W/A/CA) Box Brown

Andre Roussimoff is known as both the lovable giant in *The Princess Bride* and a heroic pro-wrestling figure. He was a normal guy who'd been dealt an extraordinary hand in life. At his peak, he weighed 500 pounds and stood nearly seven and a half feet tall. Box Brown brings his great talents as a cartoonist and biographer to this phenomenal new graphic novel. Drawing from historical records about Andre's life as well as a wealth of anecdotes from his colleagues in the wrestling world, including Hulk Hogan, and his film co-stars, Brown has created the first substantive biography of one of the twentieth century's most recognizable figures. Mark's out of the military, with his boring, safe civilian job doing explosives consulting. But you never really get away from war. So it feels inevitable when his old army buddy Jason comes calling, with a lucrative military contract for a mining job in an obscure South-East Asian country called Quanlom. With no career prospects and a baby on the way, Mark finds himself making the worst mistake of his life. What awaits him in Quanlom is weirdness of the highest order: a civil war led by ten-year-old twins wielding something that looks a lot like magic, leading an army of warriors who look a lot like gods. David Smith is giving his life for his art — literally. Thanks to a deal with Death, the young sculptor gets his childhood wish: to sculpt anything he can imagine with his bare hands. But now that he only has 200 days to live, deciding what to create is harder than he thought, and discovering the love of his life at the eleventh hour isn't making it any easier. This is a story of desire taken to the edge of reason and beyond; of the frantic, dumsy dance steps of young love; and a gorgeous portrait of the world's greatest city. It's also about the small, warm, human moment of everyday life. (STK660937)

(A/CA) Matt Jacobs

In a post-apocalyptic Los Angeles, scientists are working to create a drug called V-1, to awaken "Superhero DNA Code" in the human body. A Utopian society is born; the revolution is called Heroes Haven. As V-1 testing unfolds to enlighten and heal the drags of LA — hitmen, druggers, hookers and thieves — V-1 begins to synergize, and awakens gifts like healing, super-strength, visions, and telekinesis. But alongside these gifts came the risk of extremely dangerous side-effects, including madness, acute psychotic episodes, body altering paralysis, degeneration, suicides, and insane fits of rage leading to mayhem and murder. And in the dark shadows of the city, a secret society has stolen the drug to test on death row inmates in hopes of creating immortal super soldiers. And as the power of this secret society grows, the entire human race faces the imminent danger of tyranny and oppression at their hand. The battle to control the drug that will create a new world order begins, and the only hope for humanity are the test subjects from Heroes Haven, the very drags of society first experimented upon. Even with their broken souls, they managed to escape the facility and survive the psychotic, emotional and physical altercations and become "The Awakened Ones". Now, it is up to them to decide if they will "Awaken Their Inner Hero" and fight for the freedom of mankind! (STL019640)

SHIRLEY JACKSON'S THE LOTTERY GN

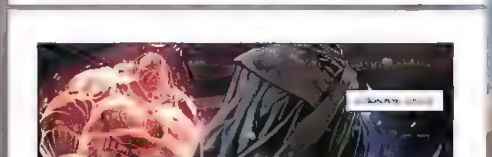

(W) Shirley Jackson, Miles Hyman
(A/CA) Miles Hyman

Shirley Jackson's "The Lottery" continues to thrill and unsettle readers nearly seven decades after it was first published. By turns puzzling and harrowing, it raises troubling questions about conformity, tradition, and the specter of ritualized violence that haunts even the most bucolic, peaceful village. This graphic adaptation, published in time for Jackson's centennial, allows readers to experience "The Lottery" as never before, or discover it anew. The visual artist — and Jackson's grandson — Miles Hyman has crafted an eerie vision of the hamlet where the tale unfolds, its inhabitants, and the unforgettable ritual they set into motion. His four-color, meticulously detailed panels create a noirish atmosphere that adds a new dimension of dread to the original tale. Available in

But when she sees him in an unguarded moment, she discovers he's a werewolf! Now she has a choice to make: to keep his secret, or to ask for help and risk angering a wolf-boy? (STL017412) (C: 1-1-0)

A TREASURY OF 20TH CENTURY MURDER: BLACK DAHLIA GN

(W/A/CA) Rick Geary
On January 15, 1947, a woman was walking with her daughter in a Los Angeles neighborhood. She passed what looked to be a discarded manikin. It turned out to be the body of Elizabeth Short: posed, drained of blood, meticulously scrubbed, and cut in two. From this point, Geary reconstitutes and reveals for us the life of this 22-year-old woman who had become known as "Black Dahlia" because of her striking appearance. How could her life have ended in such a ghastly fashion? Was it a jealous boyfriend, a rejected suitor, or one of LA's notorious mafia connections whom she had apparently been dabbling with? Eisner Award winner Geary takes us through all the twists and turns in one of the most captivating unsolved mysteries of the 20th century. ANGEL CITY #1

JANET HARVEY (W) MEGAN LEVENS (A/C)

NICK FILARDI (C)

32 Pages, \$3.99, RELEASE DATE: 10/05/16

Introducing *Angel City*, a hard-boiled 1930s noir starring Dolores Dare, previous Hollywood hopeful and current enforcer for the Volante mob. When her best friend turns up dead in a dumpster behind the Chinese Theater, Dolores starts her own investigation of the "April Fool's Killer." As she gets closer to the truth, the studios, the corrupt homicide division, and even her own gangland contacts work to cover up the scandal. Has she bitten off more than she can chew?

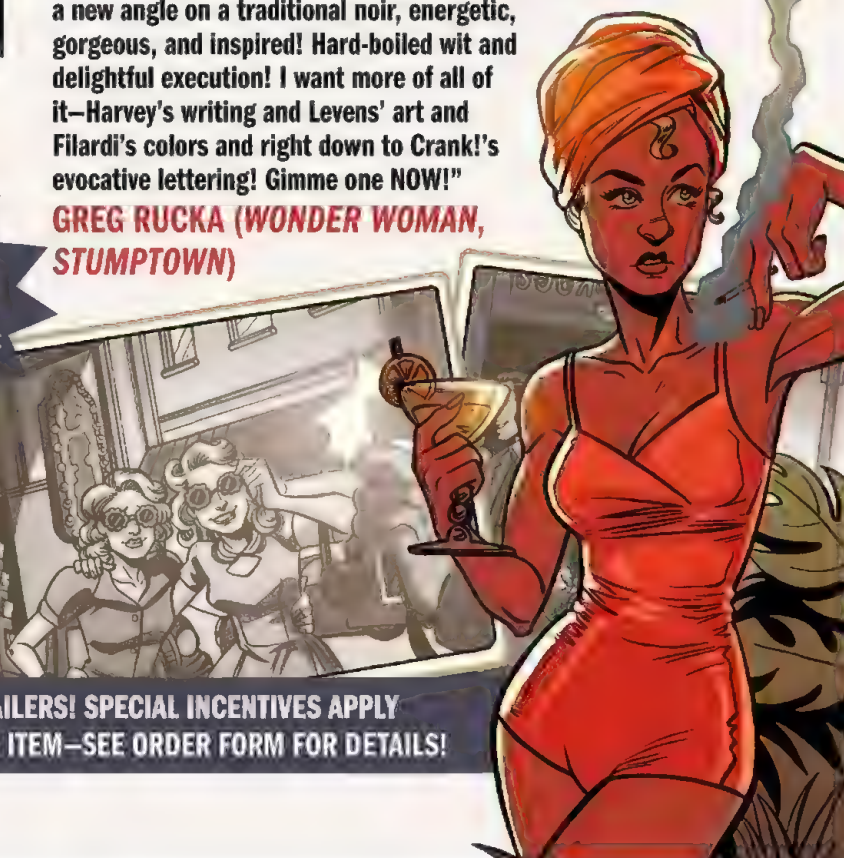

"*Angel City* flips the script on the classic detective story, centering around a heroine fed up with the way Hollywood treats everyone but the men in charge. I love actress-turned-muscle Dolores Dare, and I bet you will, too."

KATE LETH (PATSY WALKER, AKA HELLCAT!, FRESH ROMANCE)

In the tradition of *A Cartoon History of the Universe* and, most recent, Randall Munroe's *What If?* comes *Brief Histories of Everyday Objects*, an intrepid, graphic tour through the unusual stories behind the creation of some of the overlooked items that surround us in our daily lives. SUPER MARIO ADVENTURES GN

Recommended by Sarah Martinez

How pleasant you can find this book is the Nintendo Power magazine, a real, because VIZ has collected Super Mario Adventures originally published in three issues into a much handlier format. Great care has gone into preserving Kentaro Takekuma's story and Takashi Sakuma's original art—the book will be printed at magazine trim size and will match the previously released Legend of Zelda. Link to the Past GN (MAR151495) already on shelves!

In addition to being a beloved Super Mario fan, I grew up in the 1980's video gaming culture and childhood of the way up to the present, this particular collection is a real slice of history! Princess Peach was still Princess Toadstool to the US markets back when this series was originally commissioned for and released in Nintendo Power in the early 90s. Japanese mangaka hadn't really carved a niche for themselves in the North American comic market, so this widely distributed magazine was a "first exposure" to manga visual tropes for a large portion of the 80's and 90's generation of comic readers. Timed to sustain excitement in the new Super Nintendo System, this particular comic did the heavy lifting for fishing out the world outside the game for Super Mario World (the first one with Yoshi). This was also a major spotlight on characters outside of Mario himself! Princess Toadstool, Luigi, King Koopa, and the Koopa Kids got an abundant amount of character development that couldn't be given in the classic side-scrollers. These characterizations have persisted throughout the license since. It's so great to see it all in print again—letting these characters shine for the next generation of readers!

Blast from the Past: Plucky plumbers & proud Princess K-O the kidnapping Koopa!

If you are looking for beauty than this tale will never do. It is not a beautiful story. It is a story of a world that existed long ago in a time before time. It begins many eons before man had ever tasted breath, in a world where the Titans roared across the seven seas and the Earth was nothing more than a gaping void of fire and wind. I could keep my story, I suppose, keep it in the silence of this grave where it belongs, but if I did that it would be soon be forgotten for everyone is gone. STAR TREK: BOLDLY GO #1

Recommended by
Matthew Demory

Star Trek has always been part of my life. My father experienced the original show when he was younger and passed that experience on to me. When he watched the original series I grew up with *Star Trek: The Next Generation*, I still vividly remember sitting on the couch with my dad, getting ready to watch the season 3 premier "Redemption II" in glorious standard definition.

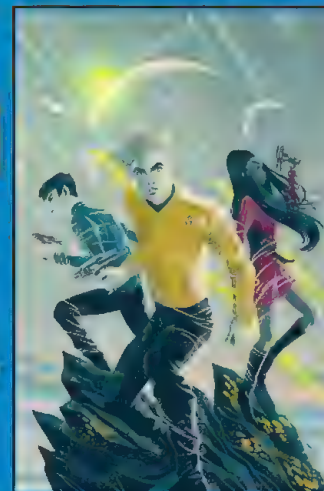

Today *Star Trek: The Next Generation* is considered by many to be an iconic series. When it was first announced there were a lot of concerns about whether that series would ever get off the ground. How could you do a sequel to a popular TV series that had aired its last new episode decades past and with a whole new cast?

I think it was the success of *Next Generation* that really proved to a lot of people that the *Star Trek* brand not only still had legs but it could appeal to generations that were born after the original series was already in reruns. Now with the rebooted movies, we are seeing things come full circle. New eyes are seeing these characters for the first time and now they have a massive library of movies, TV, and comics for the first time.

Star Trek: Boldly Go #1 from writer Mike Johnson (*Star Trek: Green Lantern: The Spectrum War*, JAN160395) and artist Tony Shasteen (*Batman: Arkham Unhinged*, NOV140307) will be required reading for new fans of the movies. Picking up right after the events of *Star Trek Beyond*, the adventure always continues. There are always new worlds to discover, new aliens to meet, and a brighter future for all of us in Gene Roddenberry's Universe.

Hard Case Crime is the leading light in hardboiled crime novels, publishing the giants of the genre; **Stephen King, Michael Chrichton, Ken Bruen and Max Allen Collins**, whose best-selling *Quarry* series is destined for TV in the highly-anticipated adaptation for Cinemax.

This October, **Titan Comics** is proud to present the publication of a daring all-new Hard Case Crime comics line! The first shots fired will be punky neo-noir *Peepland* from celebrated crime authors **Christa Faust & Gary Phillips**, and Prohibition epic *Triggerman* by legendary director of *The Warriors*, **Walter Hill**!

Who better to introduce this explosive new initiative than the guy you want in your corner when the rain is pouring down and all the chips are stacked against you: New York native, award-winning writer, editor, television producer, and founder of **Hard Case Crime, Charles Ardal**! Take it away, Charles!

CHARLES ARDAI EDITOR & FOUNDER, HARD CASE CRIME

What is Hard Case Crime?

Hard Case Crime is a line of tough, sexy, ingenious crime novels written by some of the finest plot-spinners ever to pick up a pen or pound an Underwood. They grab you by the lapels on page one and drag you bodily through the story until they leave you breathless on the last page. And since 2004 we've done this with nothing but words on the page. Just wait till we add pictures.

You've certainly attracted some of the greatest writers in the world. Who have you worked with and what do you think draws them to you?

Absolutely: Stephen King, Michael Crichton, Mickey Spillane, Ed McBain, Donald E. Westlake, Harlan Ellison...it's a Who's Who of the best of the best. They work with us because they love what we do. They love the stories we tell and they love how we tell them, with gorgeous painted covers

and the old-fashioned look and feel. They want to see their words between our covers. And we're happy to oblige.

The new Hard Case Crime comics line kicks off with *Peepland* and *Triggerman*. Tell us about them and the creators behind them!

PEEPLAND is about sex, murder and cover-ups in 1980s Times Square – back when it was still a porn bazaar, before Disney cleaned the place up. I hung out in Times Square in those days, and the script by Christa Faust and Gary Phillips brings it to life so vividly you can almost smell the stink of it. *TRIGGERMAN* is set in a different time and place – it's a Prohibition-era story

about a gunman tracking down some robbers who double crossed the Mob and took his girlfriend from him for good measure – but it comes from legendary director Walter Hill (*THE WARRIORS*, *48 HRS.*) and, like *PEEPLAND*, it's one mean, brutal piece of crime fiction.

What makes them the perfect people to tell these stories?

No one writes a script like Walter Hill. For those of us who've been waiting fifteen years for a new Walter Hill crime movie, *TRIGGERMAN* scratches a mighty big itch. And Christa? She used to be a Times Square peepshow girl back in those days -- so she really knows what she's writing about, and you can feel on every page just how personal a story this is for her.

Why is this the right time to bring HCC to comics?

Because we've teamed up with Titan Comics, one of the most talented publishers in the business. We know crime fiction inside and out, but they're the experts at making amazing comics – and it's their relationships with the artists and others in the comics world that will make Hard Case Crime Comics explosive.

Why should readers pick up HCC comics?

Because a great crime story will knock you on your ass and take your breath away. Because these comics will be like nothing else out there. Come on, be honest – don't you sometimes want something other than another superhero story, another zombie story? Something that could actually happen, only you hope it never happens to you? Something from the minds of masters like Max Allan Collins and Walter Hill and Christa Faust and Gary Phillips...? I know I do. If I weren't the guy publishing these, I'd be lined up at the register to buy them the day they came out. And that's the mark of a great comic.

A PIGGY'S TALE TRADE PAPERBACK

Recommended by Jonathan McKinney

Are you looking for a fun and entertaining all-ages story that will warm your heart? Look no further than A Piggy's Tale, a story from Bohemian Press about everyone's favorite three-legged superhero pup, now collected in trade paperback format.

Inspired by true events, A Piggy's Tale is one of triumph and resilience. While recovering on a veterinary campaign in the Galapagos, writer Tod Enko discovered a limping, malnourished dog without a home. Deciding to take in the dog, Tod nicknamed him Piggy, and became captivated by his perseverance and lovable attitude.

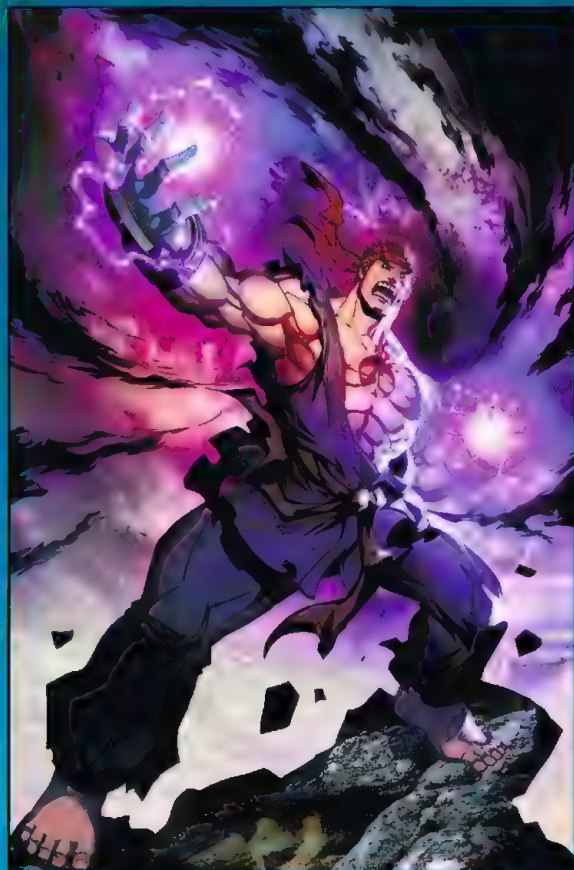

Earlier in life, Piggy lost a leg, but that didn't stop him from pushing forward. Within A Piggy's Tale, Tod and artist Ethan Young (creator of Haggis, The Burning City Born Dark Horse) take the most inspiring story and transform him into a larger-than-life superhero, who is capable of any tail walk.

In addition to their creative output, Tod and Ethan donate proceeds from the book to the Darwin Animal Doctors. To find more information on the Darwin Animal Doctors and how you can help their cause, please visit darwinanimaldoctors.org.

In Bloodshot we trust!

Project Rising Spirit - America's greatest exporter of classified weapons technology - has achieved a breakthrough: a contagious, airborne nanite dispersion prototype that can turn the population of any city into an army of indestructible soldiers. A doomsday virus capable of destroying an enemy nation from the inside out. A machine-made pathogen that can completely rewrite human physiology...and hardcode every man, woman, and child with the same cutting-edge technology that created their greatest weapon: Bloodshot.

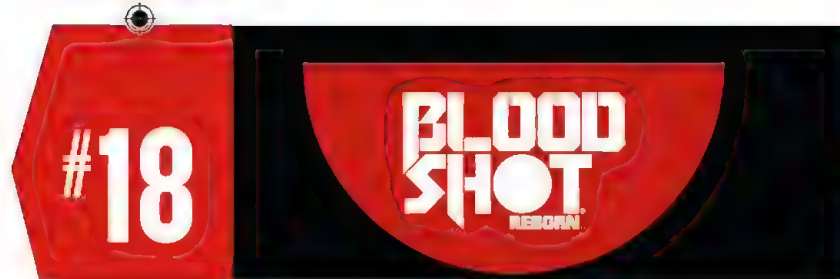

But now...Project Rising Spirit's top-secret contagion has been released onto the streets of America's greatest metropolis: New York City. As mayhem engulfs Manhattan, Bloodshot must lead the most dangerous invasion ever waged on American soil and keep a runaway pandemic from toppling armies and governments...and threatening to destroy humanity itself.

In the tradition of THE VALIANT, the Big Apple turns blood red in a pivotal new standalone comics event from New York Times best-selling writer Jeff Lemire (BLOODSHOT REBORN, *Extraordinary X-Men*) and superstar artist Doug Braithwaite (ARMOR HUNTERS, *Justice*!)

Duty has led to darkness...

Dispatched to the remote outpost of Britannia by Rome's highest power, the ancient world's first detective - veteran legionnaire Antonius Axia - has found himself on a horrifying journey that will challenge everything he knows about death, destiny, and the limits of reality itself. But in this wild and pagan land, far removed from Nero's control and influence, how will he grapple with the witches, demons and deities that lurk just out of sight? These are aberrations beyond the comprehension of a citizen of history's most civilized empire...and, as Axia searches for the truth behind their making, he must first ask himself: Are these monsters truly creatures of myth... or creations of his own mind?

The answers will be found as comics legend Peter Milligan (*Shade, the Changing Man*) and incendiary artist Juan José Ryp (*NINJAK, Clone*) lead a phantasmagorical expedition in the lands between darkness, desire, and destruction in the pages of Valiant's latest prestige-format masterwork!

4001 A.D. TPB

The most ambitious comics event of 2016 brings war to the 41st century - with Rai leading the charge!

One hundred years from today, Father - the benevolent artificial intelligence that governs the island nation of Japan - will gain sentience. To defend its borders, Father will take drastic action by launching Japan into space...where its people will thrive in isolation, away from the overpopulated and resource-deprived planet below. Over the centuries, as New Japan orbits our increasingly unstable world, it will become a model society - one built on peace, prosperity... and Father's control.

A thousand years from today, Father will create the first Rai, founding a lineage of technologically enhanced heroes engineered to defend New Japan and sworn to protect it from all enemies. For hundreds of years into the future, the Rai will single-handedly enforce New Japan's justice well...and serve Father without question.

Now, at the dawn of 4001 A.D., the latest Rai is about to inherit the dark truth behind the origin of his kind...and discover the sinister secret at the heart of Father's existence. For New Japan to live, Earth must die...and as Rai challenges his former master for the first time in more than a millennium, the lone guardian of New Japan will be cast out of his own Father's kingdom...

Exiled from the only realm he's ever known, Rai now walks the ravaged world of 4001 A.D. in search of forgotten heroes like himself... on a mission to collect the last surviving legends of a broken planet...and to forge a rebellion with the power to bring the most advanced civilization in history crashing back down to Earth. New York Times best-selling writer Matt Kindt (DIVINITY II) and superstar artist Clayton Crain (X-Force) bring their startling vision of the year 4001 A.D. to new heights...with the fate of New Japan floating in the balance!

**BIG TROUBLE IN LITTLE CHINA/
ESCAPE FROM NEW YORK #1**

Recommended by Inver Richardson

Like old Jack says, when the earth shakes, and the seven heavens fall from the sky and the pillars of Heaven shake, and the Pacific Express comes over into an alternate reality in a flash of lightning, just look that big storm right square in the eye and see "Give me your best shot, son. I can take it."

With the full blessing of director John Carpenter, two iconic heroes turned cult classics thanks to Kurt Russell, a mallet, an eye patch and a few machine guns, are about to collide. It all starts when Jack Burton drives his beloved truck into the dystopian "future" of Snake Pliskens' 1997 - isn't that the same year Snake originally went online? What's with you, 1997? When Snake finds out a man is running around with his same face, he goes gunning for Jack and then a giant snake, launching a wedge road trip across a post-apocalyptic America to learn what weird magic has pulled Jack across worlds.

BOOM's take on Escape from New York and Big Trouble in Little China has been so true to the spirit of the work and everything that made 1980s action flicks so awesome that it seemed there really was no way to improve on a good thing. Turns out there is, you just double your dose of Kurt Russell with an awesome crossover event penned by Greg Pak and drawn by Daniel Bayliss.

Hop behind the wheel with Jack and Snake and watch them drive faster than they can see right at the heart of evil because, in the end, it's all in the reflexes.

PIN-UP: GOOD GIRLS & BAD GIRLS HC

(W/A/CA) Maly Siri

Maly Siri's *Pin-up Art Good Girls / Bad Girls* raises two themes. On one side, the "Good Girls": the damsels with soft skin powdering their faces in front of the mirror, the Tahitian girls with enchanting smiles and the brave soldiers. Their charm is due to their sparkling characters and apparent candor. And on the other side, the "Bad Girls": the rouged vamps with sensuous looks, the spies, the melancholic blues singers and other misfits. This book is a rich and delicious homage inspired by the iconography of the 1930's to 50's, a concentrate of pure glamour, with a preface by Chantal Thomass. SPACESHIPS: AN ILLUSTRATED HISTORY OF THE REAL AND THE IMAGINED HC

How have our depictions of space travel developed as the reality of space travel changed? In his new book *Spaceships: An Illustrated History of the Real and the Imagined*, Ron Miller shows that when it comes to spacecraft, art actually does imitate life and, even more bizarrely, life imitates art. Miller takes readers on a visual journey through the history of the spaceship both in our collective imagination and in reality. (STL018508) (C: 0-1-0) HC, 10x10, 256pgs, FC.....\$34.95

WHAT AM I DOING HERE? HC

(W/A/CA) Abner Dean

What Am I Doing Here? is a startling masterwork by one of the forgotten innovators of American comics. In 1945, after more than a decade as a commercial illustrator, Abner Dean invented a genre all his own: One might call it the Existential Gag Cartoon. He used the elegant draftsmanship and single-panel format of the standard cartoons of the day, but turned them to a deeper, stranger purpose. *What Am I Doing Here?* depicts a world at once alien and familiar, in which Dean's unclad Everyman searches for love, happiness, and the answers to life's biggest questions. SUPERHEROES ON WORLD SCREENS SC

Essays exploring the many ways in which superheroes no longer belong solely to America. Superheroes such as Superman and Spider-Man have spread all over the world. As this edited volume shows, many national cultures have created or reimagined the idea of the superhero, while the realm of superheroes now contains many icons whose histories borrow from local folklore and legends. Contributors offer three challenges to the idea of the "American" superhero: transnational reimagining of superhero culture, emerging local superheroes, and the use of local superheroes to undermine dominant political ideologies. KNIGHT RIDER: KITT CAR CHARGER

GPSSes have gotten us closer to talking cars, but they're clearly not artificially intelligent the way K.I.T.T. was. Meet the *Knight Rider K.I.T.T. But it also has that signature light sequence from K.I.T.T.'s voice box we all know and love, synced to respond to 11 different audio phrases from the TV show. And in case you ever need less '80s, there's a switch to turn the whole thing off or mute him. Possibly so your smart-mouthed car doesn't speak to the nice officer. BAG OF HOLDING MESSENGER BAG

When the last d20 is rolled, and Tiamat's dying scream shakes the cavern walls, only two things remain: the distribution of experience points to the party, and loot. Your party's dwarf fighter, and that human paladin might be able to lug piles of gold and platinum, but your little gnome mage can't quite heft that much stuff. What to do? Luckily, amidst the ponderous piles of platinum lying about the place is a simple nondescript bag that everyone overlooked — except you, of course. Peering into the bag, you see nothingness, an almost infinite depth in which you can place way more loot than your

entire party combined! While transdimensional space is, as yet, impossible in this plane of existence (*Doctor Who* fans, keep quiet for now), ThinkGeek Labs has developed our own messenger bag that comfortably carries way more than a bag of its size normally could! It's big enough to carry a 17" laptop, Large 3-ring binder, two college textbooks, two paperback books, Amazon Kindle, iPod, cellphone, cables, pencils, business cards, spare batteries ... we could go on and on. SCHRÖDINGER'S CAT EXECUTIVE DECISION MAKER

When decisions need to be made, sometimes there isn't a right choice. In the long run, these things don't matter. Give up your free will to the Schrödinger's Cat Executive Decision Maker. Slide open the door. At this point, the magic will happen and you'll see the cat flashing in flux between life and death. You'll either find this disturbing or intensely magical. 3. See your decision solidify before you. The cat will be alive (which we interpret as a "Yes") or dead (or "No"). The almighty Schrödinger's Cat Executive Decision Maker has spoken. BLACK LIBRARY

**WARHAMMER 40K:
EYE OF TERRA SC**

(W) Various

An anthology of *Horus Heresy* tales written by some of Black Library's bestselling authors. Once, the title of Warmaster stood for honor, loyalty, and a fierce pride in the strength of the Space Marine Legions. But perhaps by following the myriad lines of destiny and defiance that were already woven around the primarchs and their sons, we may yet come to understand the bitterness that can eat away at even the most steadfast of souls... This *Horus Heresy* anthology contains fifteen short stories by authors such as Graham McNeill, Nick Kyme, Gav Thorpe, and many more. It also includes Aaron Dembski-Bowden's acclaimed novella *Aurelian*. (STL019508) (C: 0-1-2)

SC, 6x9, 416pgs, B&W\$17.00

**WARHAMMER 40K:
GREY KNIGHTS: SONS OF TITAN SC**

(W) David Annandale

The Space Marine daemon-hunters pursue the followers of the Plague God across the battlefield of the Imperium. The Grey Knights are a myth, a secret Chapter of Space Marines that responds to the greatest of threats: daemonic incursions into the Emperor's realm. They are spoken of in legends, silver-armored heroes whose weapons blaze with holy fire and whose merest touch can destroy the servants of the Ruinous Powers. And the legends are true. In this collection of stories, a squad of Grey Knights commanded by the noble Justicar Styre battle the infernal followers of the Plague God across the Imperium. (STL019505) (C: 0-1-2)

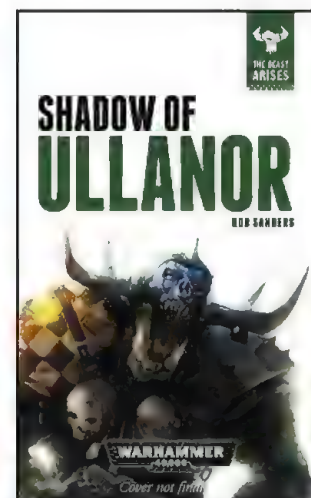

SC, 6x9, 240pgs, B&W\$16.00

**WARHAMMER 40K:
ROBOUTE GUILLIMAN:
LORD OF ULTRAMAR HC**

(W) David Annandale

Launch title in *The Horus Heresy: Primarchs* series, a brand new sequence of novels. Long before the coming of the Imperium, the realm of Ultramar was ruled by Roboute Guilliman, the last Battle King of Macragge. Even after learning of his true heritage as a primarch son of the Emperor of Mankind, he strove to expand his domain as efficiently and benevolently as possible, with the XIII Legion Ultramarines as his alone to command. Now, facing a rival empire on the ork-held world of Thaos, Guilliman must choose his weapons carefully, otherwise his dream of a brighter future could be lost forever. (STL019511) (C: 0-1-2)

HC, 6x9, 240pgs, B&W\$19.00

**WARHAMMER 40K:
SHADOW OF ULLANOR SC**

(W) Rob Sanders

For mankind to survive, a last-ditch attempt to destroy the ork menace must succeed. The Imperium's attempts to defeat the ork menace seem doomed to failure; it is only a matter of time before the greenskins triumph, and mankind is wiped from the face of galactic map. Yet there is some cause for hope — the Imperial Fists Chapter is reformed, and a few Sisters of Silence yet survive. Supported by the full military might and technology of the Adeptus Mechanicus, the Space Marines head to the orks' home world one final time. This time there will be no retreat, no surrender. They must succeed... or die in the attempt. (STL019509) (C: 0-1-2)

SC, 6x9, 256pgs, B&W\$17.50

**WARHAMMER 40K:
THE LAST SON OF DORN HC**

(W) Various

Koorland, the last son of Dorn, finally confronts the Beast in battle. The first attempt to attack the orks' home world has failed, but the Imperium is not defeated yet. New, more flexible fighting teams of Adeptus Astartes have been assembled — the Death Watch. Allies from the Imperium's past have also pledged their support, the legendary Sisters of Silence, female warriors with anti-psyker powers. With new troops, and revised tactics, Koorland leads a second attack against the orks' home world. This time, the attack goes better, and Koorland is able to confront the Beast in battle. But the creature is truly a monster, more than a match for even a primarch. How can the last son of Dorn possibly prevail? (STL019510) (C: 0-1-2)

HC, 6x9, 256pgs, B&W\$17.50

**WARHAMMER 40K:
SHADOWWORD HC**

(W) Various

Super-heavy battle tanks go to war in this explosive action-thriller. Arriving in the Geratomro warzone, Honoured-Lieutenant Bannick and the crew of the Banefblade Cortein's Honour are assigned as close support to a company of Shadowword Titan-hunters as they find themselves thrust into a deadly battle for the fate of three star systems. New and deadly allies throw into doubt all that Bannick has been told of the Imperium, threatening not only his life, but also his soul. (STL019512) (C: 0-1-2)

HC, 6x9, 384pgs, B&W\$27.00

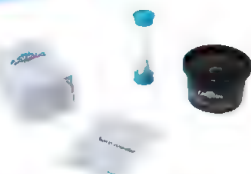

**WARHAMMER 40K:
THE TAU EMPIRE SC**

(W) Various

Anthology of stories featuring the alien Tau, the technologically advanced enemies of the Imperium. The alien Tau believe it is their manifest destiny to rule the stars. Their emergent empire has expanded rapidly along the Eastern Fringe of the galaxy, and their creed is one of unity and the Greater Good. As adversaries they are formidable, for their fire caste are born to be warriors and their technology is highly advanced. A military war machine like no other, the Tau are determined to secure their place amongst the stars and will battle fiercely any who stand in their way. (STL019506) (C: 0-1-2)

SC, 6x9, 384pgs, B&W\$16.00

CHRIS ROBERSON: NOW HE'S A POWER IN THE 'VERSE TOO

■ *Zombie* creator and SF author Chris Roberson comes to Dark Horse this October, writing their latest mini-series based on the popular Joss Whedon space western, *Serenity*! Mal and the crew of the Firefly class spaceship come to the aid of a young friend whose sister has gone missing. Chris generously took time out of his busy schedule to talk to our own Vince Brusio about this upcoming series...

PREVIEWS: How did you get this project off the ground? *Serenity* is a big toy to play with in the sandbox, with a considerable fan base. How did you move the needle to show you were the guy that could fly the spaceship without bumping into a wormhole?

Chris Roberson: I was just lucky enough to be in the right place at the right time, I think. The *Aliens* miniseries I did a couple of years ago was my first time working with Dark Horse and editor Scott Allie, and it was just a great experience in general. So when that book was wrapping up Scott asked me if I had any affinity for *Serenity*, and whether I'd be interested in scripting the follow-up to the *Leaves on the Wind* miniseries that Zack Whedon and Georges Jeanty had done. I like to think that I was restrained and cool when I shouted "YES!", but that might just be wishful thinking on my part.

P: Tell us about your affection for *Serenity*. What is it about this property that energizes you? What possibilities does it present?

CR: I'm a huge fan of science fiction and space opera, but also a big history buff, so when the first episode of *Firefly* aired it was like the show had been tailor-made for me. The fact that it was made by the guy responsible for two of my all-time favorite genre shows to that point (*Buffy* and *Angel*, naturally) only sweetened the deal. But as much as I love the historically-inspired backstory and the

inventive science-fictional setting, it was really the characters that captivated me. Getting the chance to help chart their future adventures is an incredible honor.

P: Without spoiling the book, what teaser information can you give us about your storyline? Any Easter Eggs carefully lodged into a nook or cranny?

PREVIEWS

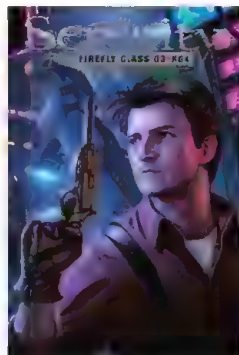

CR: We're picking up threads from the TV show and the movie, but also things that were introduced in *Leaves on the Wind*. The 'Verse is just such an expansive and compelling setting that there were lots of places that we could have chosen to visit, but it was the characters' relationships with one another and how those have evolved that we decided to focus on.

P: Have you seen the artwork for this book? What were your initial reactions to the pencils?

CR: I was thrilled to learn that Georges Jeanty would be returning to do the art duties for this new miniseries, and every page that I've seen has been a knockout. This book is going to look gorgeous!

P: How do you come away from this project as a writer? Did you try something new? Realize a dream? Binge on the TV show for 48 hours straight before you hit your script and this somehow made you *Super Serenity Scribe of the century*?

CR: I'd actually just finished one of my regular re-watches of the whole series and the movie when I was offered the job, and in the time since I've watched the whole thing through again several more times. Getting paid to watch one of your favorite shows and then go off and make up new adventures for the characters is a pretty great gig if you can get it!

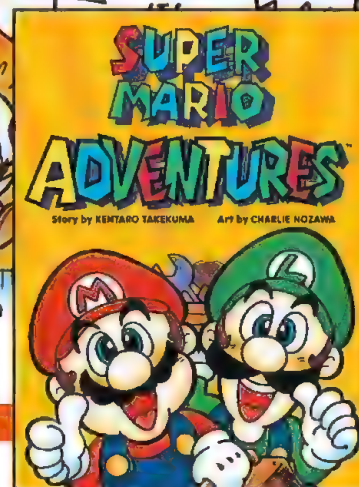

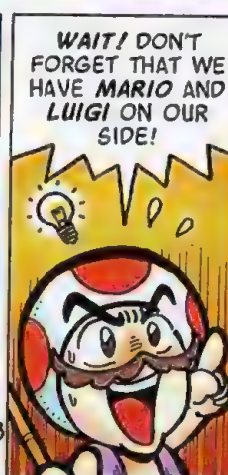

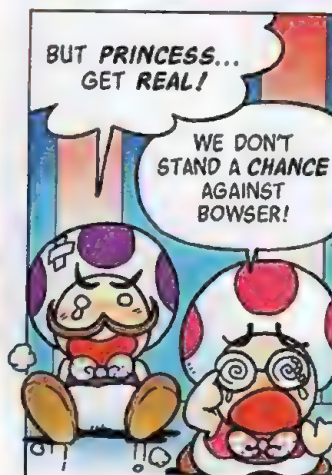

Be sure to check out additional artwork and details about the series on page 44 of this issue in the Dark Horse Comics section!

STAFF PICKS

RARELY SEEN SINCE THEIR FIRST EARLY '90S PUBLICATION IN *NINTENDO POWER* MAGAZINE, KENTARO TAKEKUMA'S *SUPER MARIO BROS.* COMICS PRESENTS THE WORLD OF MARIO AND LUIGI AS THEY WERE ORIGINALLY PRESENTED TO U.S. AUDIENCES. WITH MARIO MAKING A VIDEO GAME COMEBACK WITH *MARIO MAKER* AND *SUPER SMASH BROS.*, A WHOLE NEW GENERATION OF FANS WILL SOON BE ABLE TO ENJOY THESE CLASSIC TALES!

SUPER MARIO ADVENTURES GN

Recommended by Sarah

Hey palsanos! You can finally give your old *Nintendo Power* magazines a rest, because VIZ has collected *Super Mario Adventures*, originally published in those issues, into a much friendlier format! Great care has gone into preserving Kentaro Takekuma's story and Tamakichi Sakura's original art—the books will be printed at magazine trim size and will match the previously released *Legend of Zelda: Link to the Past* GN (MAR151495) already on shelves!

In addition to being a beloved franchise with major nostalgic ties to 1980's video gaming culture and childhoods all the way up to the present, this particular collection is a real slice of history! Princess Peach was still Princess Toadstool to the US markets back when

this series was originally commissioned for and released in *Nintendo Power* in the early 90s. Japanese *mangaka* hadn't really carved a niche for themselves in the North American comic market, so this widely-distributed magazine was a "first exposure" to manga visual tropes for a large portion of the 80's and 90's generation of comic readers. Timed to sustain excitement in the new Super Nintendo System, this particular comic did the heavy lifting for fleshing out the world outside the game for *Super Mario World* (the first one with Yoshi). This was also a major spotlight

on characters outside of Mario himself! Princess Toadstool, Luigi, King Koopa, and the Koopa Kids got an abundant amount of character development that couldn't be given in the classic side-scrollers. These characterizations have persisted throughout the license since. It's so great to see it all in print again—letting these characters shine for the next generation of readers!

STAR TREK: BOLDLY GO #1

Recommended by Matthew

Star Trek has always been part of my life. My father experienced the original show when he was younger and passed that experience on to me. I grew up with *Star Trek: The Next Generation*, and I still vividly remember sitting on the couch with my dad, getting ready to watch the season 5 premier in glorious standard definition.

New eyes are seeing these characters for the first time and now they have a massive library of movies, TV, and comics for the first time.

Star Trek: Boldly Go #1 from writer Mike Johnson (*Star Trek/Green Lantern: The Spectrum War*) and artist Tony Shasteen will be required reading for new fans of the movies. Picking up right after the events of *Star Trek Beyond*.

The adventure always continues. There are always strange new worlds to explore, new civilization to seek, and a brighter future for all of us in Gene Roddenberry's universe.

A PIGGY'S TALE TRADE PAPERBACK

Recommended by Jonathan

Are you looking for a fun and entertaining all-ages story that will warm your heart? Look no further than *A Piggy's Tale*, a story from Bohemian Press about everyone's favorite three-legged super-hero pup.

Inspired by true events, *A Piggy's Tale* is one of triumph and resilience. While volunteering on a veterinary campaign in the Galapagos, writer Tod Emko discovered a limping, malnourished dog without a home. Deciding to take in the dog, Tod nicknamed him Piggy, and became captivated by his perseverance and lovable attitude.

Earlier in life, Piggy lost a leg, but that didn't stop him from pushing forward. Within *A Piggy's Tale*, Tod and artist Ethan Young (creator of *Nanjing: The Burning City* from Dark Horse) take the awe-inspiring story and transform him into a larger-than-life superhero, who is

capable of any tall task.

In addition to their creative output, Tod and Ethan don a te proceeds from the book to the Darwin Animal Doctors.

BIG TROUBLE IN LITTLE CHINA/ESCAPE FROM NEW YORK #1

Recommended by Trevor

Like old Jack says, when the earth quakes, and the poison

arrows fall from the sky, and the pillars of Heaven shake, and the Porkchop Express crosses over into an alternate reality in a flash of lightning, just look that big storm right square in the eye and say, "Give me your best shot, pal. I can take it."

With the full blessing of director John Carpenter, two iconic heroes turned cult classics thanks to Kurt Russell, a mullet, an eyepatch and a few machine guns, are about to collide. It all starts when Jack Burton drives his beloved truck into the dystopian "future" of Snake Plissken's 1997. When Snake finds out a man is running around with his same face, he goes gunning for Jack and shenanigans ensue, launching a savage road trip across a post-apocalyptic America to learn what weird magic has pulled Jack across worlds.

BOOM's take on *Escape from New York* and *Big Trouble in Little China* has been so true to the spirit of the work and everything that made 1980s action flicks so awesome that it seemed there really was no way to improve on a good thing. Turns out, there is, you just double your dose of Kurt Russell with an awesome crossover event penned by Greg Pak and drawn by Daniel Bayliss.

Hop behind the wheel with Jack and Snake and watch them drive faster than they can see right at the heart of evil because, in the end, it's all in the reflexes.
